## Internship at the EEB on industrial emission control in Europe

The EEB in Brussels is a federation of more than 140 environmental citizens' organizations located in all EU Member States and most Accession Countries, as well as in a few neighbouring countries. These organisations range from local and national, to European and international. The aim of the EEB is to protect and improve the environment of Europe and to enable the citizens of Europe to play their part in achieving that goal.

The EEB is currently looking for a volunteer wanting to do a internship related to the **integrated pollution prevention control (IPPC directive)**. Interns are accepted under the following conditions:

- Appropriate environmental studies/skills/qualifications/demonstrated interest
- Excellent English – spoken and written – any other languages welcome
- Strong background related to any one of the following fields
  - Environmental law
  - Public participation (social- or political sciences)
  - Emission control and abatement techniques, BAT (engineering, natural sciences with interest in EU environmental legislation)
- Knowledge of or experience with **quantitative and or qualitative research methods** is welcome but not compulsory. Experience in drafting and/or evaluation of **questionnaires** is an asset.

**The content of internship could be suitable as a research work in the field of environmental law or social sciences.**

- If possible for 6 months, **starting as soon as possible**

### The EEB offers:

- Professional and international working environment
- Work in an international team of staff members and 3-5 volunteers
- Supervision by EEB staff members
- Experience with working in the largest environmental citizens organisation in Europe and contact with its member organisations
- Experience with the EU institutions in Brussels
- Facilities: computers, telecommunications, internet, library, network
- A contract
